

## Login & Video Streaming Instructions

Please use Google Chrome, Microsoft Edge, Firefox, or mobile browser. Not Internet Explorer.

### Login

1. Go to URL: <https://learn.streamery.co>
2. Enter User name (typically your registered email address)
3. Enter Password

### Search Videos

1. Click  CATALOG  or to browse by topic. Use option 3 if you do not have these icons.
2. Search using the Search box. Use option 3 if you do not have search box.
3. Click  COURSES to view your courses and history.

### Stream Videos

1. Click on the video title or thumbnail image and Click the “Play Video” button to play.
  - Downloadable Course Material found at the bottom of each video page
  - “Juega Espanol” button will be available only when video is available in a Spanish Version

Mobile Elevating Work Platforms: Safe Use and Requirements

© 2020 / 22 min / SKU: 4918 + 4918-S / English & Spanish

Use this new program to train your employees on the just-released ANSI A92 Mobile Elevating Work Platform Standard! To better protect platform operators, other platform occupants, and workers on the ground, ANSI, in conjunction with SAIA, has adopted revisions of its A92 suite of mobile elevating work platform regulations that focus on the design of these vehicles, their safe use, and the training of all personnel who participate in aerial lift operations, including operators, occupants, maintenance workers, and supervisors. This program reviews the important changes in the new standards and discusses the basic safe work practices platform operators must follow to prevent accidents and injuries. Topics include: Platform classification ANSI training requirements Site risk assessment Rescue planning Pre-operational inspection Work zone inspection Driving safety Raising & working on the platform Lowering & dismantling a lift.
